

THE ROYAL COLLEGE OF ANAESTHETISTS
AND THE ASSOCIATION OF ANAESTHETISTS OF GREAT BRITAIN AND IRELAND
Present the

5TH NATIONAL AUDIT PROJECT (NAP5) Accidental Awareness during General Anaesthesia (AAGA)

NAP5 will run from 1 June 2012 to 31 May 2013

During this time NAP5 wishes to receive notification of all new reports* of AAGA by, or on behalf of, a patient. Such cases may present anywhere in the hospital and we'd like to know about them!

NAP5 has agreement to participate from all UK hospitals so you are included.

For more information contact:

NAP5 Administrator, Madeline Humphrey: nap5@nap5.org

Or visit the NIAA/HSRC website: www.nationalauditprojects.org.uk

* If a patient reports what they believe to be AAGA this should be reported to NAP5, even if those caring for the patient do not agree with this diagnosis.
